# 'TTS: Directors Cut Edition'

## What is TrainerTrackStats (TTS)?

Trainer Track Stats provides a unique insight that is not available anywhere else. We take the top NH trainers statistics over the past 5 years and try to turn negative betting records into positive ones. We do this by carefully selecting specific types of race in which certain trainers excel, at certain tracks. This further breakdown pinpoints with absolute precision the trainer specialities that you need to focus on.

In this years TTS Guide we have 81 trainer and track combinations covering just about every NH racecourse in the country.

## So what is the 'directors cut'?

This betting guide contains 20 trainer/track combinations that were identified early on in the TTS research process but were eventually left on the cutting room floor.

That's not to say that the trainers included in this guide aren't worth following it's simply that they weren't deemed good enough to make the final list of 81 for TrainerTrackStats 2009-10.

As you look through this guide and see the stats on offer here I hope it will give you some idea of just how good the final list for this seasons TTS must be. Remember the 20 trainers represented here didn't make the grade.

## How do you use this guide?

As with the full version, to find the TTS horses, simply check your newspaper daily for the relevant trainers and race types and, if there's a qualifier at 14/1 or shorter, it's a bet! It's as easy as that.

But remember, we only bet between October and April, which we consider the real National Hunt season.

Good luck,  
Gavin.

## AINTREE

Trainer	Race Types	Wins	Runs	Strike	P/L	LSP%
NG Richards	Grade 1 & 2	5	12	41.67%	21.5	179.17

## ASCOT

Trainer	Race Types	Wins	Runs	Strike	P/L	LSP%
